An encourager to ignite confidence and fun

Customized Experiences are an effective way to **connect and engage** with your local riding community, clients and members.

Minii Adventures' one-of-a-kind professionally customized events are tailored to your specific audience and goals.

Plan

Fully customize your experience. Choose the event style, add-ons, content, skill level, date, time, length and location.

Professional

Full event planning services from start to finish. Learn from professional, skilled and inspiring mountain bike instructors.

Personal

Personal touches & small details to add connection.
Small groups (1:6) ensure an effective, safe, and personal learning environment.

Progression

Groups are based on skill level so everyone is learning the appropriate information. We guarantee all riders will progress after the event.

The Services

Included with Every Custom Experience.

- ✦ Participant registration and pre/post-event communication
- ✦ Signature basecamp including mobile skills features and obstacles.
- ✦ Snacks and refreshments throughout the event.
- ✦ Tailored lesson & ride plan to accommodate the participants' skill level, trail system and goals of the event.
- ✦ Personalized feedback and video analysis for participants. Report cards for on-going progression optional.

Skills Clinic

Our most commonly requested experience.

A mountain bike skills clinic covering pre-determined skills, techniques and tactics. Can be determined by participants or let us plan based on the participants' needs.

Structure: Skills & drills followed with a group ride.
Typically a full-day (6 hours)

Guided Ride

Guided mountain bike rides used to discover or enhance the experience of a particular trail system. Also includes on-trail instruction and how to successfully ride sections of the trails.

Structure: Guided Ride at length of choosing (2-6 hours)

Workshop

A variety of a mountain bike skills clinic covering either pre-determined skills, techniques and tactics or as requested by participants.

Structure: Skills & drills at length of choosing
(usually 2-4 hours)

Skills Jam

An unstructured skills session for all ability levels where participants will be focusing on the skills that they want to focus on (each person will be working on something different). We set up a variety of features and obstacles for participants to practice on, and provide support and feedback as necessary.

Structure: Skills Jam at length of choosing
(usually 2-4 hours)

Add Ons and Options

Add Ons are not included in the Custom Experience fees and will be quoted on a per-event-basis.

Lunch and Nutrition

Treat your guests to a hard-earned delicious, and nutritious lunch, locally sourced.

Mechanical Workshops

Empower your guests by educating them on how to tune their own bikes. Examples; How to fix a flat or suspension set up.

Yoga

Allow guests to ease into the day with a warm-up flow, or stretch it out after a great day on the bike.
